

## Meet SynBio at BGU

### Launching the iGEM BGU team

Date: Thurs, Oct 22, 2013. Time: Lab 11:00; Public 13:00

Where: Beer Sheva , BGU Claire Zonnenfeld Hall

#### **About iGEM BGU**

A group of 12 students who have decided to be the first ever from Ben Gurion University and the only one from Israel this year to compete in the international competition iGEM. We will represent Israel in front of 220 teams from around the world. The Semi-finals will be held on October 11th, 2013 in Lyon, France. The finals will be held on November 1st , 2013 at MIT in Boston, USA.

**Audience:** Students, researchers media and whoever is interested or curious about Synthetic Biology, the makers revolution and the future of mankind.
