

2013.9.11 meeting memo

Time: 2013-09-11 Wednesday

Location: Room 105, Chemistry Building

Moderator: Tina Zhang

Recorder: Kaiyuan Ni

1. It seems that wiki deadline is still 9-25 but we have to put almost 80% documents onto wiki.
2. Our experiments still not succeed.
3. Chun Tang will do experiments that backbone exchange of EA3 plasmid the day after tomorrow and we need to do EC3 first.
4. Chun Tang can assist Stella Guo to do microfluidic experiments.
5. Modeling. Yuzhe Li has almost done it and now he's trying to do some calculation without help of Matlab.
6. Our work efficiency seems to decrease when all of us worked together.
