Dear iGEM Team BIT

We are so sorry not to contact you for a long time, so there will be a lot of thing sharing and communicating, our ideas like shooting stars, our difficulties we must conquer, our happy and sorrow memories we met before. So we sincerely invite your ingenious iGEM team, your judiciousness professors and your mettlesome iGEMers to join the meeting in Beijing University of Chemical Technology. (08:30 am, July 23. Room 115, Teaching Building, BUCT)

We are sure about that will be interesting and inspiring, just like a Meetup activity. This time, we will introduce our projects and show you by slides. And we are glad to appreciate your masterpiece. Then professors group will give us pertinent judgements, these are imperative. We intend to figure out the flaws and mistakes, and we will fix them and correct them in next step. We just want to show a flawless gem to you, and then, shine the world.

Waiting for your attending.

Sincerely yours,

iGEM Team BUCT China
