

Human Practices

Who: Amy and Eleonora

Description:

Amy emailed some charities (local and general Scottish once) - one replied but it will charge for discussions with them (offered 30min free though)

Amy emailed Dr. Simon Powis from Medicine who replied giving a link to outline of therapeutic uses of monoclonal antibodies

One of these is a charity based in St Andrews - worldwide cancer research

Eleonora emailed the HCI team about the wiki - awaiting reply

Microbiome of Scotland - need to discuss project with Clarissa before we can proceed - awaiting reply

Eleonora emailed the Edinburgh contact asking for contact info for someone on either of the Edinburgh teams - awaiting reply
