

**Family name:**

*Saccharomyces cerevisiae*

**Profession:**

Chef

**Hobbies:**

Nobody can cook better and faster than Musoke. She is a specialist in baking bread, making wine, beer and cheese. Most importantly, she is a really humble and trustworthy friend.

**Favourite food:**

Homemade pizza

**Residence/Origin:**

She was born in a mango tree, but lived in many fruit plants (she loves the sugars on them) until she moved to the farm.

**Superpower:**

She can bake bread very fast.

Musoke

Armin

**Family name:**

*Penicillium chrysogenum*

**Profession:**

Comedian

**Hobbies:**

If you want to have fun, call Armin, he will always make you laugh. Although sometimes he can be a bit clumsy and slow, he is very loyal and will always stick to his promises.

**Favourite food:**

Salty biscuits, salty popcorn and basically anything with salt on it.

**Residence/Origin:**

Born in a water plant in Iran, he came to the Netherlands looking for a more watery environment.

**Superpower:**

Armin has sticky proteins surrounding his body, that is how he stands up.

Javi

**Family name:**

*Bacillus subtilis*

**Profession:**

Pharmacist

**Hobbies:**

Javi is all about the underground music scene.

**Favourite food:**

Potatoes, carrots, and anything grown underground.

**Residence/Origin:**

He's been all over the world and every place feels like home to him.

**Superpower:**

Javi can produce medicines.

**Family name:**

*Vibrio harveyi*

**Profession:**

Fisherman

**Hobbies:**

Mark is passionate about fishing and there is no fish too big for him to catch.

**Favourite food:**

Seafood

**Residence/Origin:**

He was born in the Caribbean Sea where he lived inside of different fish species.

**Superpower:**

Mark is bioluminescent, he can shine in the dark!

Mark

Marylin

**Family name:**

*Clostridiaceae*

**Profession:**

Marketing agency manager

**Hobbies:**

When the environment is hostile and everything gets tough, it's time for Marilyn to show her power by making spores. She is strong and resilient, as well as very opportunistic.

**Favourite food:**

Potatoes, carrots, and anything grown underground.

**Residence/Origin:**

He's been all over the world and every place feels like home to him.

**Superpower:**

Marylin can produce spores to survive difficult times.

**Family name:**

*Amoeba Proteus family*

**Profession:**

Micro-Olympic swimmer

**Hobbies:**

Yuli is super competitive and loves spending her free time doing sports. Her favourite sports include yoga and surfing.

**Favourite food:**

Other amoebae and algae

**Residence/Origin:**

Thingvallavatn lake in Iceland.

**Superpower:**

Yuli can move really smoothly and she is the best swimmer.
