

BIOSCIENCES

Genetic Modification Registration Form

This form must be completed by workers (including students) intending to use genetically modified organisms (GMOs) within the Biosciences. Genetic modification (GM) work may only be carried out as part of a project that has been subjected to risk assessment by the Biosciences' Genetic Modification Safety Committee. GM workers intending to use micro-organisms must be approved by the Biosciences' Microbiology Safety Officer for microbiological work before registering for GM work. Information from this form will be used for the Health Record.

Surname (family name):

Surname at birth:

Forenames (given names):

Sex:
