

Guide to print your own

Plasmid Factory

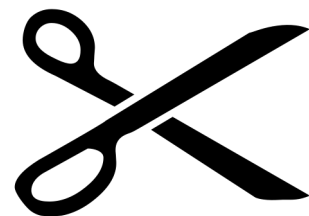

1. Download this PDF and take it to your local print shop

2. Have the shop print out the game on 250 g/m² paper. Thicker paper will lead to a bigger stack.

3. Cut the cards to size using a large paper cutter. The more precise you are, the easier they'll be to handle later.

4. When you're done, we recommend purchasing a storage box for longer durability
